optris® Xi Interface Overview INTERFACE INTERFACE OVERVIEW

Compact and Rugged IR Imager for Industrial Temperature Measurement

Features:

- Small sized industrial infrared camera with motorized focus
- Wide measurement ranges from -20°C to 1800°C
- Various spectral ranges and wavelegth for different applications
- Licence-free software
- Autonomous operation without computer for Xi ETH series
- Various analog and digital output options like ProfiNet, EtherNet/IP; Modbus TCP, RS485 communication

| | Xi ETH Series | | | Xi USB Series | |
|--|------------------------------|--------------------------------|--|--|------------------------------|
| | Xi 80 | Xi 410 | Xi 1M | Xi 400 | Xi 640 |
| USB/ Ethernet cables | ACXIUSBCBx / ACXIETCBx | | | ACPIUSB5PCBx | |
| Process Interface Cable (PIF) (in scope of supply) | USD / PF | | | UIB PI | |
| | Part number: ACXIIOCBx | | | Part number: ACPIPIF | |
| Industrial Process Interface (Industrial PIF) | C | | | PADDESS PAD | |
| | Part number: ACXIPIFX | | | Part number: ACPIPIFMA | |
| Autonomous Operation | Yes | Yes | Yes | No | No |
| Maximal number of analog outputs in auto- nomous operation | 9 (with 3 industrial PIF) | 3 (with 1 industrial PIF) | 9 (with 3 industrial PIF) at 132 x 100 pixel 3 (with 1 industrial PIF) at 396 x 1 pixel | - | - |
| Response time for autonomous operation | 20 ms | 640 ms | 50 ms at 132 x 100 pixel 2 ms at 396 x 1 pixel | - | - |
| Maximal number of analog outputs when connected to a computer | 9 (with 3 industrial PIF) | 9 (with 3 industrial PIF) | 9 (with 3 industrial PIF) | 3 (with 1 industrial PIF) | 3 (with 1 industrial PIF) |
| Response time when connected to a computer | 20 ms | Ethernet: 40 ms USB: 250 ms | Ethernet: 50 ms at 396 x 300 pixel 2 ms at 396 x 8 pixel USB: 50 ms | 12 ms or 40 ms (depending on framerate) | 30 ms |
| Maximal number of outputs digital Process Interface *1 (independent of PC connection) | 9 | 3 | 9 at 132 x 100 pixel 3 at 396 x 1 pixel | - | - |
| Response time digital Process Inter- face (independent of PC connection) | 20 ms | 640 ms | 50 ms at 132 x 100 pixel 2 ms at 396 x 1 pixel | - | - |

^{*1} Profinet, EtherNet/IP, Ethernet TCP/IP, Modbus TCP
